- Norman Narwhal
- Madam Aurora Borealis

# AdéliEco Penguin

## Scene 1 - The Antarctic

*An Antarctic ice shelf. TV crew and celebrity presenter preparing to film penguins in a live shoot.*

**Narrator:** Once upon a time, deep in the heart of the chilly South Pole, on the continent of Antarctica, is a handsome adventurer-presenter Blair Chills and his TV crew on a live interactive show of the Top Cutest Animals in the World.

**Floor Manager:** Okay Blair let's run through from the top before we go live, count in from 5, 4, 3, 2, 1 action.

### Song 1- Blair Chills

#### Blair Chills (Spoken):

Hello and welcome to the land of ice floes  
Where the cold wind whispers blizzards of snow

Hello and welcome to the harsh cold poles  
If you don't wear gloves here your fingers turn to ice poles

*(Aside to Camera Operator)* Are you getting my best side? Do a close-up! Ready?

Hello and welcome to the South Pole  
Where together we will encounter wild animals untold

Hello and welcome to my interactive show  
Where I stand with you alone on these crystal ice-floes

*(Aside to Floor Manager)* I think my left side is best! OH! You don't agree? Well, I guess I could try the other side. Oh I see, you were just shivering

Get ready for some interactive animal fun  
Where together we will vote for our favourite one  
We will find our top!..our animal!.. our number one!

*(Aside to Director)* How do I look? Hang on, let me fix my hair, this wind is really messing it up and it took me hours to look this good. *(Fixes Hair)* Okay...almost there...I'm ready!

**Director:** We are going live in 5, 4, 3, 2, 1...

Hello and welcome we're live from the South Pole  
Where the wind blows and blows and blows and blows....

**Director (Exasperated):** CUT!

**Song Ends**

# Adélie Penguin

**Director:** Nice Blair Chills, very good. Keep smiling at the camera. Here comes what we are here for... the penguin parade right on queue!

**Blair Chills:** Here is the adorable penguin parade, listen to hear how they chirp and squark, such a sound and sight to behold from the comfort of your overheated homes.

*All Penguins except Adélie waddle on stage and pull puppy-eye faces.*

**Emperor Penguin:** Better introduce ourselves. Let's all get right up to the camera and pretend to be clueless. They love it when we do that sort of stuff.

**Camera Operator:** This is great for the camera!

**Blair Chills:** The Penguins are in a confident mood. We have here the Emperor Penguin, King Penguin, Gentoo Penguin, Chinstrap Penguin, macaroni penguin...

**Director:** Keep the camera and boom steady as best you can... I know you are being slightly ambushed there!

**All Penguins** (*over-lapping each other*): Hi there! Hello! Bonjour! Greetings! Hiya!

**Blair Chills:** There are 10 species of penguins that live here and we have an impressive 5 that have come to check out the camera today.

**All Penguins:** Where is Adélie (pronounced AD-EL-EE) Penguin?

**Emperor Penguin:** I thought Adélie was with you, King?

**King Penguin:** I thought she was with you, Gentoo?

**Gentoo Penguin:** No! I thought she was with you, Chinstrap?

**Chinstrap Penguin:** No! I thought she was with you, Macaroni?

**Macaroni Penguin:** No! I thought she was with... erm... well she's not with me!

**Gentoo Penguin** - Right everyone into a scrum. Come on let's huddle together we need to hatch a plan to find our Adélie.

**Blair Chills:** Look, out there, in the water...a little penguin! It looks like her ice-floe has become loose...

**All:** Adélie's drifting out into the ocean!

# AdeliEco Penguin

## Song 2 - Adélie

**Adélie:** *(Spoken)* Hiya guys! It's me Adélie, get that camera on me so I'm on the telly - that's right. It's time to save the planet, here's how...

*(Spoken)* Hello and welcome to our Interactive Show.  
It's time to save our planet! Let's Go!

Brrrrrrrrrrr ahhhhhhh Save Our Planet go go go.

*(Spoken)* Hello and welcome to our South Pole with its terrifying sky-high hole.  
Look up and you will see this huge black hole.

Brrrrrrrrrrr ahhhhhhhhh Save Our Planet planet go go go

*(Spoken)* Hello and welcome to the land of ice floes  
Where the freezing winds blast with dusty blizzards of snow

*(Spoken)* I'm heading north and you're coming too, the quest?  
Northern Lights, of course! Over the seas from our southern sister,  
a Northern angel of the light that might heal this pollution destroying our natural light.

Brrrrrrrrr ahhhhhhhhh Save Our Planet go go go

*(Spoken)* Hello and welcome to our South Pole with its terrifying sky-high hole.  
Look up and you will see this huge black hole.

Brrrrrrrrrrr ahhhhhhhhh Save Our Planet planet go go go

*(Spoken)* Hello and welcome to the land of ice floes  
Where the freezing winds blast with dusty blizzards of snow

Brrrrrrr

Brrrrrrrrrrr ahhhhhhhhh Save Our Planet planet go go go

*(Spoken)* Hello and welcome to our Interactive Show.  
It's time to save our planet! Let's Go!

**Song Ends**
